

<b>Club/Program Name</b>	Hollyburn Cross Country Ski Club	<b>Location</b>	Vancouver
<b>Coach Name</b>	Jake Weaver	<b>Contact Information</b>	<a href="mailto:biweaver@shaw.ca">biweaver@shaw.ca</a>
<b>University / College / High School Academy Nearby:</b>	Capilano University, UBC, SFU and others.	<b>Program Level</b>	Our program accommodates a wide variety of levels from those whose primary focus is school to developing athletes into national medalists and international racers.
<b>Program Overview</b>	<p>Post-secondary athletes from a wide variety of institutions in the Vancouver area can be successful training with our Hollyburn's Race Team. This is true if your main focus is to reach your potential as a skier while developing an academic career on a part time basis or if your priority is academics with a full course load. You will train alongside some of the top junior skiers in the country in a fun, social setting.</p> <p>Our dryland training is second to none with excellent roller skiing on a dedicated recreational road and endless running trails all in a mountain setting with ideal terrain for ski training. We ski at Cypress typically from early December to April. We also ski on stored snow starting in early November at Whistler Olympic Park. Our program offers a full range of training camps from May to November and we work in conjunction with the BC Ski Team camps.</p> <p>We support athletes at the BC Cup race series, which includes a CCUNC university category, as well as all the NorAms and Nationals. These race trips are fully supported including travel via our club van, group accommodations, food, waxing and coaching. Our program is very flexible so that athletes can take part in the camps and races that work for their schedule and school commitments.</p>
